

International Baccalaureate Credit

Emory & Henry recognizes successful achievement of students in the International Baccalaureate Program. Students who have earned certificates or diplomas in this program may present their transcript for consideration for the awarding of advanced placement credit. Credit is awarded by the Centralized Student Assistance Office in consultation with the appropriate department chair. Emory & Henry College will normally offer a comparable number of credit hours to entering students who have studied at the "Higher Level" and have earned an 1B grade of 5 or better.
