Applied Data Analysis Concentration

Objective

The program would allow undergraduate students and non-degree seeking students to gain qualitative and quantitative data analysis skills that prepare them for the world of work. Students who complete the concentration will apply these skills in at least one multi-semester social science research project.

Item #	Title	Semester Hours
SOSS 200	Introduction Research Methods	4
SOSS 301	Qualitative Research Methods	4
SOSS 302	Quantitative Research Methods	4
SOSS 450	Advanced Project I	1-3
SOSS 451	Advanced Projects II	1-3
	Total Credits	**14-18**
